Many years ago blackjack received its name from a special bonus of ten to one that was awarded for a Jack and Ace of Spades, although this bonus has faded into history the name has endured and when you play Bonus Blackjack at 7 Sultans Online Casino you can win a bonus payout of 50 to one for that specific hand combination.

Two decks of cards are used for game-play and according to the rules the dealer is forced to hit on a soft seventeen, while you can split up to three times except for an Ace that may split only once and you can also double down. Win the game by defeating the hand of the dealer with a closer hand to twenty-one without exceeding.

You qualify for the bonus payout by staking an additional bet which is optional and the outcome depends on the first two cards received.
