If you enjoy playing blackjack then you should definitely indulge in European Blackjack at 7 Sultans Online Casino as it is one of the most well liked casino games in their portfolio. The rules are similar to the original games and you can use a simple strategy while enjoying the smooth-running and fast paced action.

Two decks of standard cards are used for game-play. A blackjack is the dominating card and wins any other twenty-one valued hand. You can draw up to nine extra cards for a total of eleven cards in hand. The dealer is forced to stand on any 17 value in hand. A blackjack pays three to one. A tie is called a push. There is an insurance option when the dealer's initial hand has an Ace.
