The unusual but very popular variant of blackjack, called Spanish Blackjack can be enjoyed at the superb 7 Sultans Online Casino. It is a unique game played with eight decks containing 48 cards each. All the cards with a ten value on the face were removed. You can also expect a bonus payout for reaching a hand combo valued at twenty-one points.

The value of the bonus is determined by the total of cards that formed the combo. An outstanding rule determines that a players blackjack will win the dealer's at all times. If you are a first time player make sure that you know the rules of this game because there are several changes to regular rules.
