You do not only have multiple options to win spectacular payouts when playing Multi-hand Vegas Downtown Blackjack at 7 Sultans Online Casino, you will also be entertained and thrilled by the stunning game-play which is smooth-running and fast paced. Two decks of cards, which are thoroughly shuffled before each game, are used for playing.

Your goal is to beat the hand of the Dealer by accumulating a higher hand value, no more than twenty-one or by the busting of the dealers hand. You are allowed to wager on five hands at a time that immensely increase your opportunities to win excellent prizes. Doubling Down, Insurance and splitting can be used in strategic play to ensure that you end up with a higher hand than the dealer's.
