At 7 Sultans Online Casino you can indulge in one of the most popular and famous variations of blackjack, Triple 7's Blackjack and win excellent payouts. A few minute changes to the regular rules apply.

The main attraction of this superb game is the bonuses offered for hands that contain Sevens. A hand with a Triple 7 Diamond is the highest hand that can be accumulated and for such a hand you will win the progressive pot. This prize constantly accumulates and the current value of that prize will always be displayed.

You have the advantage as the dealers cards are facing up and there are several rules that you should familiarize yourself with before playing this interesting but challenging game where sometimes more skill than luck is required.
