Deuces and Joker Standard Video Poker - Casino: Video Poker Games

Visit [7 Sultans Casino](http://7SultansCasino.com) to play the game

As a relatively new invention you can look at video poker as a marriage of sorts between slots and poker and it is a contest between you and the machine. One of the most popular video poker games that can be played at 7 Sultans Online Casino is the superb Deuces and Joker.

The Joker and Deuces are wild and can replace any other card in the deck of any rank or suit to finalize a winning hand. So, in the event that you end with one or more of these special cards in your final hand the computer will automatically assign a value and a suit to that hand which means that you will receive the highest payout possible.

It makes it a lot simpler to create a winning hand combination. You can select a coin value suitable to your budget for game-play and up to five coins can be played in a single round.
