The sensational Bars and Stripes online slot machine game is all about patriotism and everything American. You will encounter familiar icons like the American flag, the Bald Eagle and Uncle Sam's hat on the five reels and 25 pay lines.

Getting three Uncle Sam hats will trigger the bonus game where you can select a mystery prize. By placing the maximum bet and getting five of these hats on an active pay line, you can win up to 47 500 coins.

Even if the jackpot happens to elude you, the scatter and wild icons as well as the multiple pay lines will ensure that you will still have a chance of winning.
