The caterpillar is celebrating his birthday which means that you stand a chance to win enormous amounts of cash. This is the first game that Microgaming developed that takes advantage of 100 pay lines.

The only available coin sizes are 1c and 2c, but with 10 coins per pay line the maximum bet goes up to a massive 1000 coins. This means that a player can win up to 6 000 000 coins in the free spin bonus alone. Three or more birthday cake icons will activate the 15 free spins during which all winnings are tripled.

There is also a unique stack feature in which the caterpillar wild icons replace all icons to double the winnings.
